

EDUCATION

• KL University, Vaddeswaram <i>Bachelor of Technology, Artificial Intelligence & Data Science</i>	2023 – 2027 CGPA: 9.1
• Sri Chaitanya Junior College <i>Board of Intermediate Education, Andhra Pradesh</i>	2020 – 2022 Percentage: 78%
• St. Annes English Medium School <i>Board of Secondary Education, Andhra Pradesh</i>	2019 – 2020 CGPA: 9.6

INTERNSHIP

• Cisco – Thermal Object Detection of Dogs and Persons:Utilized the Data from Roboflow company for detecting dogs and people in low-visibility settings with YOLOv8 and Random Forest models.Applied advanced feature engineering techniques like HOG, LBP, PCA, and data augmentation to improve detection accuracy and reduce overfitting.Conducted feature selection using Recursive Feature Elimination (RFE) and Random Forest to enhance model efficiency and focus on key features.Fine-tuned hyperparameters with Research, testing 540 configurations, achieving a mean cross -validation accuracy of 76.85	January 2024 - April 2024 Remote
---	--

PROJECTS

• Data Analysis and Predictive Modeling: – Data Analysis and Predictive Modeling: Analyzed real -time customer data from "Fater" using R, tackling the challenge of unsupervised customer churn prediction. Employed advanced statistical techniques and feature selection to predict customer attrition effectively. Secured a company award for innovative predictive modeling that improved production efficiency by 25	
• Location Inventory Forecasting and Optimization – Developed a predictive model to proactively prevent out-of-stock incidents on store shelves during promotions. Proficiently executed data cleaning, manipulation, visualization, exploratory data analysis, and time series analysis to enhance inventory management and product availability Increased operational efficiency by 30	

TECHNICAL SKILLS

• Programming Languages: C/C++, Python,HTML,CSS,JavaScript • Developer Tools: Visual Studio,Intelli Jidea • FrameWorks/Libraries: Bootstrap,Node.js,Express.js,React.js • Databases: MongoDB • Version Control: Git,GitHub • AreasofIntresr: DataStructuresandAlgorithms,OperatingSystems,ObjectOreintedProgramming	
---	--

KEY COURSES TAKEN

• CSE & Maths: Introduction to C, Fundamentals of Computers, Object Oriented Paradigm in C++, Data Structures and Algorithms, Computer Organization & Architecture, Python Programming, Operating System, Database Management System, Statistical Methods, Discrete Mathematics, Numerical Methods, Computer Networks & Security, Software Engineering, Compiler Design, Computer Graphics & Multimedia • Core Subjects: Data Structures, DBMS, Operating Systems, Computer Networks, Artificial Intelligence, Machine Learning, Deep Learning, Data Mining, Big Data Analytics, Probability Statistics	
---	--

CERTIFICATIONS

• Essentials Automation Certification by Automation Anywhere • Salesforce Certified AI Associate by Salesforce	
--	--

POSITIONS OF RESPONSIBILITY

• Technical Chair of Technology,Intelligentsia Club	
--	--
